

CREATING A NEW WORLD OF PACKAGING

A person is shown from the chest down, wearing a white shirt, packing a cardboard box on a wooden desk. They are using a green tape dispenser to seal the box. A silver laptop is open to the right, and a yellow sticky note is attached to its side. A pair of blue-handled scissors is visible in the foreground. The background is a soft-focus office environment.

SYSCOM PACKAGING CO.

CREATING A NEW WORLD OF PACKAGING

About Us

Syspack—Redefining Packaging Excellence Since 2013

For over a decade, Syspack (Syscom Packaging Company) has been a trusted name in the cosmetic, personal care, and pharmaceutical packaging industry. Established in 2013 and headquartered in Delhi, we have consistently delivered innovative, reliable, and premium-quality packaging solutions that empower brands to shine in highly competitive markets.

Built on a foundation of quality, trust, and customer-centric innovation, Syspack has become a leading force in packaging by blending advanced technology with design excellence. Our solutions don't just protect products; they elevate brands, enhance user experience, and create lasting impressions.

Expanding Horizons: From Cosmetic Packaging to E-commerce Solutions

After setting benchmarks in cosmetic packaging for 11+ years, Syspack is now expanding its expertise into the e-commerce packaging sector, offering a wide spectrum of outer packaging solutions designed to meet modern business needs. Our new product line is engineered to deliver **security**, **sustainability**, and **superior branding opportunities**, including:

- Courier Bags – Lightweight and tamper-proof, ensuring safe and secure deliveries.
- Honeycomb Inserts – Advanced cushioning for maximum protection of delicate items.
- Corrugated Boxes – Durable, customizable, and perfect for premium product presentation.
- Carry Bags – Stylish, sturdy, and ideal for enhancing the retail shopping experience.
- BOPP Tape – Strong sealing with customizable branding options for professional packaging.
- Rigid Boxes – Premium, sturdy, and elegant packaging designed for luxury products and gift sets.
- Mono Cartons – Lightweight, high-quality printed cartons ideal for cosmetics, personal care, and retail products.

Our Commitment

At Syspack, packaging means protecting value, expressing identity, and building trust. With a legacy of quality and innovation, we now expand into e-commerce packaging while upholding our core values of integrity and excellence. Syspack – Protecting Products. Empowering Brands. Inspiring Trust.

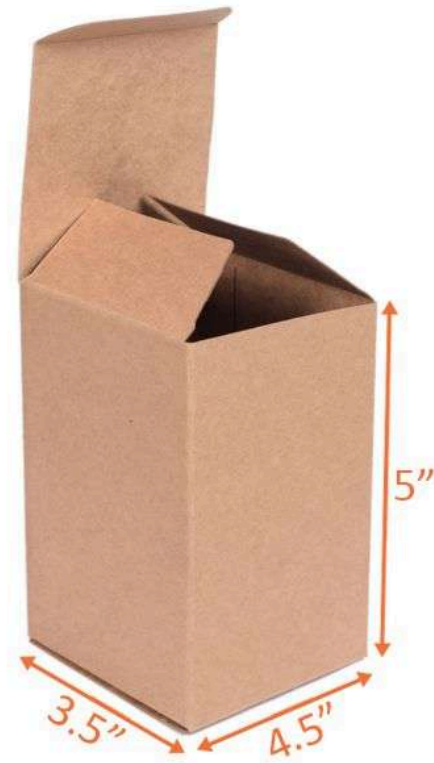

Corrugated Boxes

Corrugated boxes are durable and lightweight packaging solutions widely used for shipping, storage, and packaging. Made from corrugated fiberboard with a fluted middle layer, they offer excellent strength, protection, and cushioning. These eco-friendly boxes are recyclable and customizable for various industry needs.

Carry Bags

PPnon-woven bags are a type of reusable and environmentally friendly bag made from polypropylene non-woven fabric. These bags are popular alternatives to traditional plastic bags, providing a more sustainable and durable option. The non-woven fabric is typically created through processes like spunbond or meltblown, resulting in a fabric that is strong, lightweight, and breathable.

Air-Bubble Roll

Bubblewrap is a widely used packaging material known for its protective and cushioning properties. It typically consists of a transparent plastic sheet with regularly spaced, air-filled bubbles. The bubbles vary in size, and the trapped air inside them provides a protective layer to cushion and absorb shocks, protecting fragile items from damage during transit or storage.

Plain Polybags

Polybags, short for polyethylene bags, are plastic bags made from polyethylene, a widely used polymer. These bags come in various shapes, sizes, and thicknesses, and they serve multiple purposes across different industries.

Tamper-Proof Bags / Courier Bags

Tamper-proof bags are designed to provide a secure way of ensuring that the contents of the bag have not been accessed or altered during transit or storage. These are made of multilayer LDPE (Low Density Polyethylene)

These bags are commonly used in various industries, including e-commerce, retail, pharmaceuticals, logistics and more.

Honeycomb Paper Wrap & Bubble Sheet

An eco-friendly and highly protective packaging solution designed to keep your products safe during transit. The unique honeycomb structure offers superior cushioning and shock absorption, making it ideal for wrapping fragile and delicate items. Lightweight yet durable, it reduces material waste while providing a sustainable alternative to plastic bubble wrap. Easy to use, recyclable, and efficient, Honeycomb Paper Wrap ensures your products reach customers secure, intact, and sustainably packed.
